IMPORTANT INFORMATION FOR APPLICANT

Approval of this application is subject to the following conditions:

- The YOM plates described in this application must be authentic as originally issued by the Department of Motor Vehicles (DMV). The plates must be serviceable and have the approval of DMV Headquarters. Plates may be restored but not replicated.
- The YOM program extends only to 1980 and older year model auto, commercial, motorcycle or trailer vehicles.
- Two YOM plates are required for qualifying auto and commercial vehicles.
NOTE: In 1945 and 1946, the department issued only one plate for all types of vehicles, therefore only one plate is required for 1945 and 1946 vehicles.
- The YOM plate number cannot conflict with any license plate configuration currently in use.
- Configuration of letters and numbers **cannot** carry any connotations offensive to good taste and decency.
- 1963 and newer YOM plates must be compatible to the vehicle they are being assigned to (auto plates to autos, commercial plates to commercial vehicles, trailer plates to trailers, motorcycle plates to motorcycles).
- 1963 to 1969 year model autos, commercial, trailers, and motorcycles must utilize black base plates with 6 yellow characters **only**. 1964 to 1969 year model vehicles must have a 1963 base plate with the corresponding year sticker. (e.g. a 1965 auto must have a 1963 auto base plate with a 1965 year sticker.)
- 1970 to 1974 year model commercial vehicles must utilize blue plates with 6 yellow characters. A 1963 base plate with any 1970's year sticker is **not** acceptable for YOM registration.
- 1975 to 1980 year model commercial vehicles may utilize blue plates with 6 yellow characters **or** blue plates with 7 yellow characters.
- 1970 to 1979 year model noncommercial vehicles must use blue plates with 6 yellow characters.
- 1980 year model noncommercial vehicles may use blue plates with 6 yellow characters **or** blue plates with 7 yellow characters.
- If you wish to retain YOM plates that are assigned to a vehicle in which the vehicle is **not** currently registered, a retention fee is due each year.
